**Subject:** Superfund cleanup plan

As a member and volunteer of Willamette Riverkeepers, I am aware that they have been monitoring the EPA's process and plan for cleaning up the Superfund stretch in Portland. I've lived in Oregon for over 40 years, in Portland for the past 18, and have come to value the Willamette for its recreational and environmental significance. WR has listed their recommendations for ways to strengthen EPA's plan and I wish to go on record that I endorse those recommendations and hope you will carefully consider and respond.

Thank you.
